AINSE Winter School is a prestigious scholarship offered to all senior undergraduate students from AINSE member universities. Students interested in the use of nuclear techniques, across a wide range of disciplines, such as archaeology, biology, chemistry, engineering, geology, materials science, medicine, nanotechnology, and physics are encouraged to apply.

The scholarship will fund attendance to the AINSE Winter School which is held at the Lucas Heights Science and Technology Centre (ANSTO) about 30km south of Sydney.

The AINSE Winter School Scholarship includes:

- Tours of ANSTO labs and facilities
- Lectures and experimental sessions
- High profile guest speakers
- An opportunity to network with other students and ANSTO scientists
- Extensive social program
- Flights & Accommodation to Sydney
- All meals supplied

APPLICATIONS CLOSE 31ST MARCH 2016

HOW TO APPLY

Interested students should contact the AINSE Councillor at your university to find out more about the application process. You can find the contact details for the councillor from the AINSE website: http://www.ainse.edu.au/home2/council_and_executive
